Sarah:

I wanted to follow up on our conversation in July about John Strange documents. Based on my review, there were very few emails to/from John Strange in the City's productions, such that it appears that his email and documents were not searched in discovery (or at least that responsive documents were generally withheld). Given the testimony and evidence to date regarding John's involvement with the light permit issues in January, February and March 2019 through his involvement with the drafting of Tag's amended ordinance, we have asked the City to produce responsive documents to/from or authored by Mr. Strange. Prior to your vacation, you acknowledged this request had some merit and that you would revisit it upon your return. Please let me know the City's position. Thank you.

Jonathan
